NEXGEN PAINT SYSTEM

NEXGEN PROVIDES 10 TIMES MORE FADE RESISTANCE THAN A STANDARD POLYESTER PAINT

IMS is the exclusive supplier of the NexGen paint system. While other suppliers are looking at getting out the cheapest products possible, IMS is seeking ways to supply the very best products.

- The only Rain Gutter system that utilizes a primer coat
- Enhances weathering ability
- Superior chemical resistance
- Reduced chalking
- Reduced fading
- Customized U.V. blocking
- High-end ceramic color pigments not found in Builder Grade Rain Gutter paint systems
- Higher paint film thickness for superior scratch resistance and corrosion protection
- Improved product life

Make sure your contractor is using NexGen paint system on your next project.

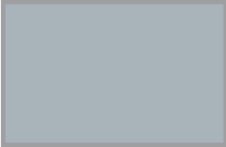

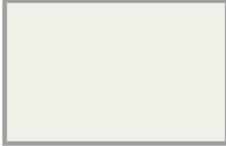

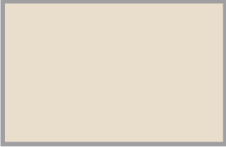

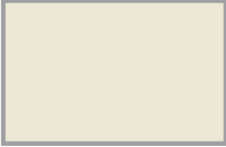

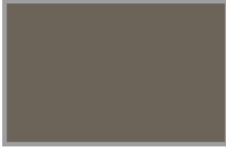

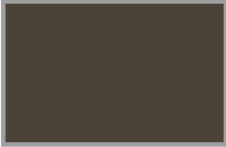

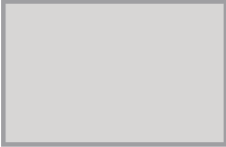

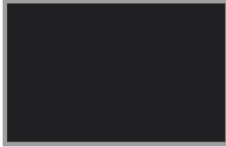

IMS IS THE MOST EXPERIENCED RAIN GUTTER SUPPLIER
IN THE WESTERN UNITED STATES
